

UN warns of impending famine in Gaza

The UN World Food Programme says that the humanitarian situation in Gaza could soon escalate into famine, as Israel continues its military campaign against Hamas militants in the enclave

WFP

Food aid: WFP says it could only reach 42% of 1.1 million people needing assistance in October due to lack of supplies and access

- Israeli ground operations, Nov 4
- Israeli-declared aid corridors
- Border crossings
- Refugee camps
