

Russia attacks Ukraine's power grid

President Vladimir Putin has said that Russia struck Ukraine with 90 missiles and 100 drones in response to Kyiv's use of long-range U.S. and UK weapons inside Russia

■ Russia strikes Ukraine's energy infrastructure, leaving more than one million people without power, President **Volodymyr Zelensky** says

■ Russia fires 100 missiles and 466 drones at Ukraine between Nov 27 and 28, hitting 17 military facilities, Putin says
