

Russian gas flow across Ukraine ends

Russia is set to lose €5 billion a year and Ukraine up to €800 million after a five-year deal to transport gas to Europe expired. Slovakia, dependent on Russian gas, has threatened to cut off electricity to Ukraine

GAS PIPELINES TO EUROPE

bcm – billion cubic metres

- 1 Czechia** **2 Austria:** Diversified sources **3 Hungary:** Turkstream supply
- 4 Slovakia:** Set to lose transit revenues **5 Moldova:** Gas cut off

EU GAS IMPORTS

Combined natural gas and LNG (bcm)

Norway 87.8

Russia 42.9

Others 29.9

Qatar 15.5

UK 16.6

North Africa 41

U.S. 56.2

Down from over 40% – 150.2bcm – in 2021. Oil and gas revenues account for 30-50% of federal budget
