

# Trump eyes Ukraine minerals-for-aid deal

U.S. President Donald Trump says he wants Ukraine to guarantee supplies of rare earth metals – key elements used in electronics – in exchange for aid in its war against Russia

## CRITICAL RAW MATERIALS OF UKRAINE (selected resources)

■ Rare earth elements ■ Lithium ■ Uranium ■ Titanium

Ukrainian President **Volodymyr Zelensky** offered western allies access to what officials said were “trillions of dollars” of raw materials – including uranium, titanium and lithium – as part of his “Victory Plan” presented in 2024
