

# World's richest people lose \$200bn

The world's 500 richest people saw their combined wealth plummet \$208 billion on April 3, after President Trump's proclamation of sweeping new tariffs sent global markets nosediving

## NET WORTH OF WORLD'S THREE RICHEST PEOPLE, 2025 (\$bn)

## 10 BIGGEST LOSERS ON APRIL 3 "LIBERATION DAY" (\$bn)

| Billionaire ranking |                 | Net worth | April 3 losses |     | Business sector |
|---------------------|-----------------|-----------|----------------|-----|-----------------|
| 3                   | Mark Zuckerberg | 189.0     | -\$17.9        | USA | Technology      |
| 2                   | Jeff Bezos      | 201.0     | -\$15.9        | USA | Technology      |
| 1                   | Elon Musk       | 322.0     | -\$11.0        | USA | Technology      |
| 15                  | Michael Dell    | 92.1      | -\$9.53        | USA | Technology      |
| 7                   | Larry Ellison   | 160.0     | -\$8.10        | USA | Technology      |
| 17                  | Jensen Huang    | 89.6      | -\$7.36        | USA | Technology      |
| 5                   | Bernard Arnault | 163.0     | -\$6.22        | FRA | Consumer        |
| 8                   | Larry Page      | 138.0     | -\$4.79        | USA | Technology      |
| 10                  | Sergey Brin     | 130.0     | -\$4.46        | USA | Technology      |
| 27                  | Thomas Peterffy | 49.4      | -\$4.06        | USA | Finance         |
