

Sudan in world's worst displacement crisis

Sudan's civil war has displaced 13 million people, the United Nations estimates, as the conflict between the army and paramilitary Rapid Support Forces enters a third year

SUDAN POPULATION DISPLACEMENT (since start of conflict in Apr 2023)

Data as of Apr 14, 2025. *Returnees refers to refugees or IDPs who have returned to their country or area of origin but are not yet fully reintegrated into their community
