

# U.S. and Ukraine sign historic deal

Under the agreement, Ukraine will receive help to rebuild following Russia's full-scale invasion while the U.S. will have access to the country's mineral, oil and gas reserves

■ Deal foresees creation of investment fund with each side contributing 50% of financing

■ Does not include explicit security guarantees, but affirms that any future U.S. military assistance will be qualified as investment

■ Gives U.S. preferential access to investments in any operator that extracts rare earths in Ukraine

■ Includes provision protecting Ukraine from any deal that could hinder its EU accession goals

■ Excludes repayment: President **Donald Trump** had previously demanded that Kyiv pay back \$350bn in aid – condition rejected by President **Volodymyr Zelensky**

## CRITICAL RAW MATERIALS OF UKRAINE

■ Beryllium ■ Graphite  
■ Iron ■ Lithium ■ Manganese ■ Non-ferrous metal ■ Polymetallic  
■ Rare earth elements ■ Titanium, zirconium ■ Uranium
