## ACUTE FOOD INSECURITY SCALE

- Crisis (Phase 3)**  
Food consumption gaps causing acute malnutrition, or can meet minimum food needs by depleting essential assets
- Emergency (Phase 4)**  
Large food consumption gaps causing very high acute malnutrition and death, or can mitigate consumption gaps by selling assets
- Catastrophe/famine (Phase 5)**  
Households have extreme lack of food leading to starvation, death, destitution and extremely critical acute malnutrition
