

Police investigate Lisbon funicular crash

Investigations are under way after at least 16 people were killed and 20 more injured, when one of Lisbon's most iconic tourist attractions, the Gloria funicular, derailed and hit a building

GLORIA FUNICULAR

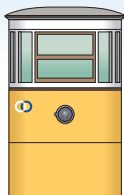

Opened: 1885

Average gradient:
Around 17%

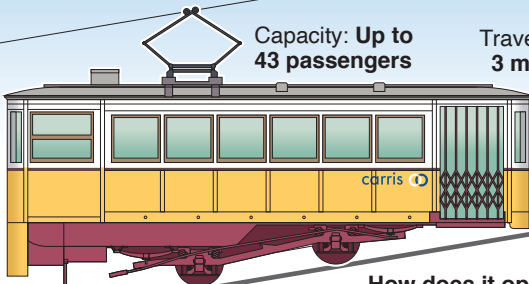

Route length:
265m

Capacity: **Up to
43 passengers**

Travel time:
3 minutes

Front view

How does it operate?

Two cars, powered by electric motors, connected to opposite ends of haulage cable so that as one descends, its weight helps pull other upwards
