

Poland shoots down Russian drones

NATO fighter jets have shot down Russian drones over Polish airspace for the first time, after what Warsaw described as an “unprecedented violation” of its territory

Sep 10: At least 19 drone incursions in Poland's airspace recorded overnight during Russian attack on Ukraine

Number of drones shot down by operation involving Polish F-16 fighter jets, Dutch F-35s and Italian AWACS surveillance planes

- NATO members
- Polish regions where citizens told to stay at home
- Downed drone found
- Airports temporarily closed
