

# India to end Russian oil imports

In what will be a blow to the funding of Vladimir Putin's war machine, India has signed a deal with the U.S. to lower tariffs against it in return for ending its importation of cheap Russian oil

## INDIA OIL IMPORTS

5 million barrels per day

Russia invades Ukraine – West enacts energy export sanctions

Trump says he will cut U.S. levy on Indian goods from 50% to 18% – including removal of extra punitive 25% tariff that was applied in response to India's buying of Russian crude
