Alphabet nearing world domination

The days of Nvidia being the biggest company in the world may be numbered as Alphabet – the parent company of Google – looks set to knock it off the top thanks to its wide business portfolio

MARKET CAPITALISATIONS *($ trillions)*

Sundar Pichai
CEO of Alphabet

Alphabet

Strength lies in variety of businesses it owns, such as ***Google Search***, ***Google Cloud***, ***YouTube***, ***Waymo***, plus AI-related offerings like ***Gemini*** and investments in ***Anthropic*** – maker of ***Claude***
