Millions facing hunger in Somalia

Somalia is facing one of its most severe hunger crises in years, driven by drought, declining aid and rising global prices linked to the conflict in the Middle East

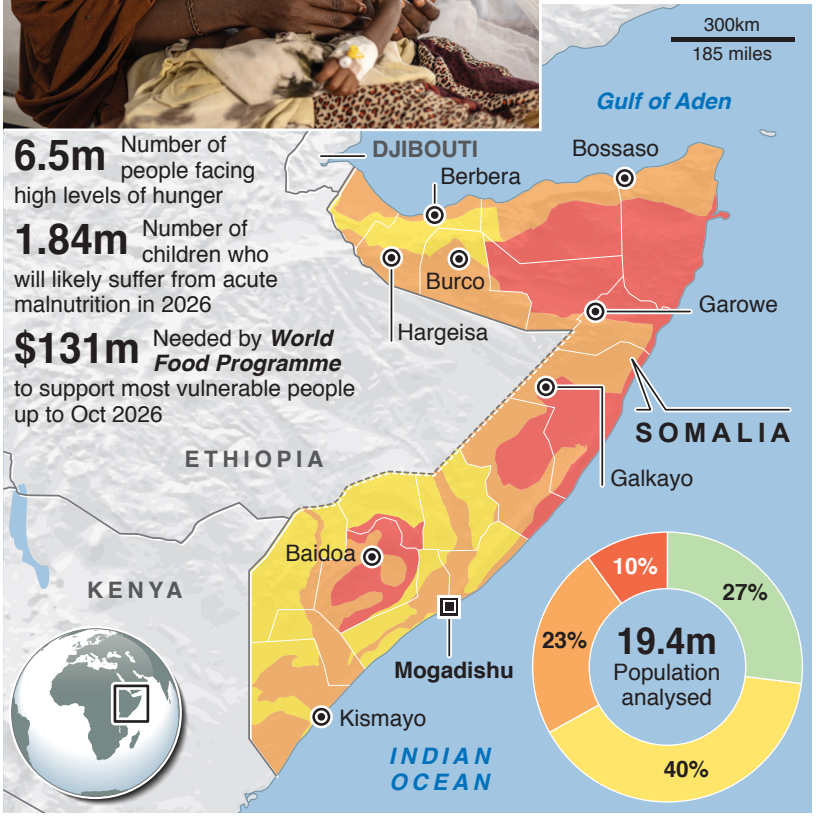

Acute food insecurity projection map
(Apr-Jun 2026)

- None
- Stressed
- Crisis
- Emergency
- Catastrophe

6.5m Number of people facing high levels of hunger

1.84m Number of children who will likely suffer from acute malnutrition in 2026

$131m Needed by ***World Food Programme*** to support most vulnerable people up to Oct 2026
