Star Trek celebrates 60th anniversary

The first Star Trek episode aired 60 years ago and its epic voyage – and vision of a future free of intolerance or poverty – inspired fans worldwide, setting the tone for a franchise including 12 TV shows and 13 movies

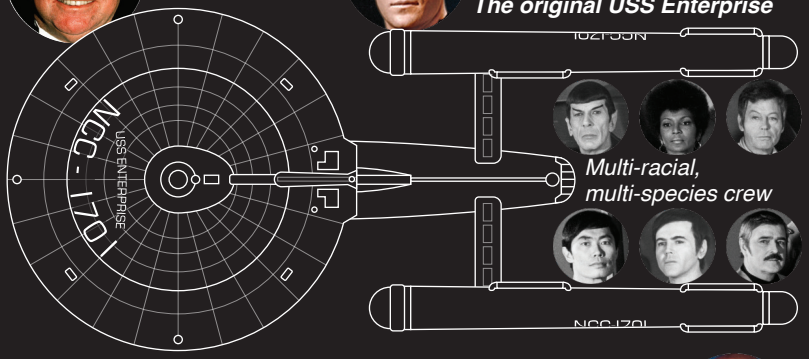

Gene Roddenberry
created pilot episode in 1964

Capt. James T. Kirk
Led ship on "five-year mission to explore strange new worlds..."

The original USS Enterprise

Multi-racial, multi-species crew

USS Enterprise D
(The Next Generation)

Capt. Jean-Luc Picard

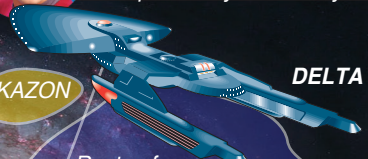

Deep Space 9
