

Record air traffic

Airlines saw a record four billion passengers take to the skies in 2005 – up 5.5% on 2004 – despite higher fuel costs and concerns over threats of bird flu and terrorism, according to the Airports Council International

Traffic change 2004-2005 (%)

International	UP 6.7%
Domestic	UP 4.4%
World freight	UP 3%

ACI operates over 1,600 airports in 177 countries and territories
